MR. KANEALIHU presented two petitions from Wailuku, praying that the tuition fees charged for children attending English schools be abolished. Referred to Committee on Education.

MR. KAMAKELE presented a petition from Makawao, praying that there be no restriction placed on the sale of liquor to Hawaiians, and that the present liquor law be not repealed. Referred to the Select Committee that have similar subjects under consideration.

MR. KAULIA presented a petition from Waimea, Oahu, praying that Waimea be made part of Waialua district. Referred to Committee on Public Lands, &c.

REPORTS OF STANDING COMMITTEES.

MR. DOLE, of the Judiciary Committee, reported on the bill relating to incorporation, and recommended that it be passed as introduced.

The Attorney-General hoped the report would not be adopted, as without an amendment to Section 1445 of the Civil Code, the bill would be imperfect. He submitted the following amendment to Section 1445:— "Provided, that if any petition for a charter of incorporation presented to the Minister shall not be in conformity with the requirements of this Section, the Minister of the Interior shall within ten days return the same to the petitioner, specifying wherein the same fails to conform with said Section, and the petitioner may thereupon amend the said petition, and present the same so amended."

He further stated that although he was in favor of the proposed amendment of Section 1442, he should be forced to vote against it if imperfect. He asked the chairman of the Judiciary Committee why the proposed amendment to Section 1445 should not be put in.

MR. DOLE was of opinion that the said section as it stood provided for all the conditions to be complied with.

MR. NEUMANN said that it must be in conformity with the statute, and he saw no reason why the amendment should not make the law perfect.

MR. WIDEMANN said the bill would be absolutely, decidedly and positively useless without the amendment as proposed by the Attorney-General.

MR. NEUMANN said that Mr. Dole took unfair grounds for his argument. He either did not, or would not understand the proposed amendment. He believed the right to incorporate should be the right of everyone in the Kingdom, provided the statutes were complied with. He was surprised that the member for Lihue, who was a practical lawyer, should consider it a hardship to make the amendment. He wondered if Mr. Dole showed this fractious opposition because it was proposed by one of the Ministers? Did he believe that nothing good could come out of Nazareth? In his opinion they were assembled to make laws as perfect as they could, and the question from whom the amendment emanated was immaterial. His (A.G.'s) position had been lucidly explained by Mr. Widemann, who understood him.

A motion to lay the report on the table for future consideration was carried.

MR. DOLE reported from the Judiciary Committee on the opium bill, recommending its indefinite postponement.

After a few remarks by Mr. Isenberg, who opposed the bill, Mr. Cleghorn said this was a very important measure and one that ought not to be hurriedly dealt with on a Saturday afternoon. He therefore proposed that it be made the special order of the day for Wednesday next. Carried.

MR. PILIPO reported the bill relating to Chinese registration as printed. Ordered to be distributed.

MR. GIBSON presented the report of the Minister of Foreign Affairs.

The Attorney-General gave notice of bill to provide for a Board of Police Commissioners for the several islands.

At 2:35 P. M. the House adjourned

FOURTEENTH DAY.

MONDAY May 12th, 1884.

The House met at 1 P. M.

Minutes of Saturday's proceedings read and approved.

PETITIONS.

MR. KAMAKELE presented a petition from Makawao praying that the school tax for people with no children be \$1 instead of \$2 as at present. Referred to Committee on Education.

MR. KAULIA presented a petition from Puna, praying that \$5,000 be appropriated for a boat landing at Kaunaloa. Referred to Committee on Public Lands, &c.

MR. KAMAKELE presented a petition from Kalawao praying that lepers at Kalawao be

allowed to return to their homes and hereafter be cared for by their friends. Referred to Sanitary Committee.

MR. PILIPO presented a petition from Hanalei praying that the election of Mr. Palohau be declared void for certain irregularities. Referred to Committee on Judiciary.

MR. KANEALIHU presented a petition from Honolulu praying that a license be granted to Mr. Nolte to sell liquors and light beers at the Casino, Waikiki. Laid on the table until the introduction of a bill to provide for licenses outside the prescribed limits.

MR. PALOHANU moved that he be furnished with a copy of the complaint against him. Carried.

MR. KAULIKOU moved that \$10,000 be appropriated for opening a road from Moiliili to Waikiki-Kai.

MR. CECIL BROWN gave notice of his intention to introduce a bill to provide for two additional Judges to the Supreme Court.

MR. NAWAHI moved that whereas there is now in the employ of the Foreign Office, and also of the Board of Health, Secretaries who are not naturalized Hawaiians, to-wit: Mr. Webb and Dr. Parker, be it resolved that the Minister of Foreign Affairs state to the House if this is in accordance with this existing law.

MR. GIBSON stated that Mr. Webb had been temporarily employed in the Foreign Office. He was neither the clerk nor Secretary of that office. His engagement was that of acting Secretary. The Government are now engaging many foreigners, such as engineers, physicians and other professional gentlemen who are not naturalized. The present Board of Health had appointed thirteen new physicians most of whom are not naturalized. Dr. Parker was one of them. There is an item in the appropriation bill to provide a salary for a Secretary, and if passed, the party receiving it would have to be naturalized. The Board has also the services of Sisters of Charity and paying for their support out of the public monies, and yet none of them are naturalized.

MR. NAWAHI said the resolution referred only to the two individuals named. The object of the law passed in 1882 relating to Hawaiian subjects, was to prevent adventurers coming here and getting Government employment to the exclusion of subjects. If such situations can be given to those who are not subjects, the law is useless.

MR. DOLE was of opinion that this resolution had some force. It did not take it out of the statute to say that a man was only acting. He supposed the idea was to secure officers who knew the history of the country and knew the situation. Dr. Parker signs as Secretary of the Board of Health, and Mr. Webb signs as acting-Secretary of the Foreign Office. If the law is good the Ministers ought to keep the law.

MR. GIBSON said that the Hon. Curtis Iaukea was the only one that held the Commission as Secretary. Dr. Parker holds no commission.

MR. AHOLO moved that as the matter had been fully answered, the resolution be returned to the introducer. He was not in favor of petty questions being put to the Ministers every now and then. He finally moved that the question be submitted to the Judges of the Supreme Court. Carried.

MR. KAULIA moved that \$1,000 be appropriated for improving the landing at Waianalo. Referred to Committee on Public Lands, &c.

MR. AMARA gave notice of his intention to introduce a bill to amend Section 498 of the Civil Code relating to the dividing the several islands into districts for taxation, educational and judicial purposes.

ORDER OF THE DAY.

Third reading a bill relating to the appointment of district justices.

MR. DOLE moved that the bill pass.

MR. KAUNAMANO moved that it be indefinitely postponed.

MR. SMITH said that this bill was introduced in order to preserve the purity of the administration.

The ayes and noes were taken on the indefinite postponement and resulted in 24 ayes and 21 noes.

The vote on the passage the bill was then taken and carried.

Third reading of a bill relating to the erection of fire proof buildings within certain limits in Honolulu. Passed.

Third reading of a bill defining the ownership of turkeys and other fowls. Passed.

The Attorney-General submitted an amendment to the consideration of the Judiciary Committee with the bill relating to incorporation of stock companies.

After a lengthy discussion as to the propriety of adding the proposed Section 1,445 of the Civil Code, the House adjourned at 4:30 P. M.

FIFTEENTH DAY.

TUESDAY, May 13, 1884.

The House met at 1 P. M.

Minutes of the previous day's proceedings were read and confirmed.

MR. PALOHANU moved the re-consideration of the bill relating to the appointment of district justices, that passed its third reading on Monday. Motion carried.

MR. KAULIKOU moved the indefinite postponement of the bill.

MR. PILIPO moved that the bill pass.

MR. DOLE said the passage of this bill concerned the prosperity and rights of the people. He considered that the Justices of the

Supreme Court were competent to appoint District Justices, and furthermore, their position put them above displaying motives of partiality. They examined candidates for the Bar, and they were the best posted as to who were fitted to act as judges. The existing law put the power of appointing magistrates into the hands of the King, which ought not to be. During the Session of 1882 the law was passed through hurriedly, and signed by His Majesty. He has since expressed himself in favor of the old law, and His Majesty's Ministers ought not to oppose his wishes.

Governor Dominis said he had been Governor of Oahu for 20 years, during which time the Chief-Justice had never opposed his appointments. He felt proud to state that there had been no reflections on his appointments. Since the present law passed he had appointed several magistrates on the island of Maui, but never without the approval of the Chief-Justice.

MR. SMITH said this was a matter that had particular reference to the Judicial Department. It was no light matter and there were great principles involved. He read to the Assembly the first Article of the Constitution as follows:

"God hath endowed all men with certain inalienable rights, among which are life, liberty and the right of acquiring, possessing and protecting property, and of sustaining and obtaining safety and happiness."

He also quoted other articles of the Constitution. For many years the appointment of District Judges was by the Governor with the approval of the Judges of the Supreme Court. Some people say that such a law reflects on the Governors. They might also say, that the law as it stands, reflects on the Justices of the Supreme Court. The former Governors and Governesses of Hawaii never made any complaint of the law. They were respected and honored chiefs. The same might be said of Maui. The best answer to what had been said against the proposed measure came from Governor Dominis himself this day. Why have the Ministers taken the stand they did yesterday? It could only be from personal feeling. He had the high regard for Governors Dominis and Kanoa. He was not personally acquainted with the Governess of Hawaii. The Assembly might be safe in leaving the appointing power in the hands of these individuals but they knew not how soon they might be removed by death, or what influences might be brought to bear upon them. In the district of Wailuku, they had a judge (Mr. Aholo) who feared no man but regarded the law. The people there felt safe because they knew that Mr. Aholo would act impartially. It was the duty of this Assembly to preserve the integrity and purity of the District Courts. He did not understand why the Ministers should, without any argument, try to break down this safeguard to the Kingdom. They opposed the measure with all their strength and were doing all in their power to compel this House to follow their example. If there were any reflection on the administration, he could understand their action better. He hoped that every member would vote as he thought right without fear or favor.

On the previous question being moved and carried, the vote on the indefinite postponement of the bill was taken as follows:

AYES—Gibson, Gulick, Kapena, Neumaun, Dominis, Kuehlan, Bush, Widemann, Kaeo, Kanoa, Macfarlane, Kaulukou, Keau, Liliakani, Baker, Amara, Kaulia, Aholo, Richardson, Kamakele, Gardner, Nahinu, Kaunamano, Palohau, Kupieha, Nakaleka. Total 26.

NOES—Bishop, Cleghorn, Wilder, Isenberg, Dowsett, Smith, Walker, Brown, Brown, Kalua, Kanealii, Smith, Nawahi, Hitchcock, Kauwila, Kauhane, Pilipo, Brown, Dole, Rowell. Total 19.

PETITIONS.

MR. KAMAKELE presented a petition from Makawao praying that the Government physicians charge no fees to poor people. Referred to Judiciary Committee.

MR. ROWELL presented a petition from Waimea praying that an appropriation be made for extending the roads in the Waimea district. Referred to the Public Lands Committee.

MR. RICHARDSON presented a petition from Kaunaloa praying that the road supervisor for that district be not the same person as the road supervisor for Lahaina district. Referred to Committee on Public Lands.

MR. KEAU presented a petition praying that \$3,500 be appropriated for a bridge over the stream at Moanalua. Referred to Committee on Public Lands.

Also, that one Aholo be awarded \$164 for services rendered as mail carrier. Referred to Finance Committee.

MR. RICHARDSON presented a petition praying that an appropriation be made for a bridge at Honokahau, Maui. Referred to Committee on Public Lands, &c.

MR. SMITH presented a petition from Wailuku praying that the Circuit Court be held there instead of Lahaina. Laid on the table to be considered with the bill already introduced on this subject.

MR. FRANK BROWN presented a petition from Ewa praying that a road be opened at Pualoa. Referred to Committee on Public Lands.

MR. KAULIKOU presented a petition from Honolulu praying that \$3,000 be appropriated for a road from Manoa to Kamaoili. Referred to Committee on Public Lands.

MR. ROWELL presented a petition from
